

PICKUP CABIN DC270S

Interested in the most comfortable pickup camper possible? Then the DC270 is your best choice, there are almost no limits regarding to the floor plan, options and equipment.

Even with this large demountable camper light off-roading is still possible, were normal styled campers get stuck, you can travel further!

In this demountable you can expect an large toilet/shower area, a big kitchen, a large comfortable bed, seating area and lots of storage spaces!

We advise our customers to fit at least semi air suspension for more stability and comfort.
